

## **ANALOGY OF NAZI-GERMANY AND TPLF-EPRDF “ETHIOPIA” ELIMINATION POLICIES**

By Taye Kissi Jima

History is blighted by the deeds of many evil men, tyrannies who used the masks of religion, patriotism, racism and myth as an excuse for some of horrifying crimes committed in human history. They instigated, waged wars, mass slaughter, conducted genocides, ethocides and sadism. Men like Menelik II, Leopold II, Lothar von Trotha, Cecil Rhodes, Adolf Hitler, Joseph Stalin, Pol Pot, Mengistu Haile-mariam, Meles Zenawi and others that succumbed human life more than the pandemic diseases all in one did in the history of human being on this planet earth. Evil men virtually share common traits independent of time and place to whom power has meant a license to corrupt, maim, murder and terror. They are all ugly indeed, self-styled, greedy for power and conquest, and took as ingratitude of the writhing of its victims. They are selfish, alone, did not even trust their own shadow let alone to have friends indeed and societal interactions, thier rational part of the brain, the Cerebrum, where facts and fiction are analyzed, distilled, judged and evaluated are packed with myth, fiction, fables, ignorance, arrogance, pseudo-patriotism, racism and hatred in which they mesmerized a simple human emotion for which they prepared them to die.

In this article, the National Socialist German Party, short Nazi led by Adolf Hitler and his 25 points of manifesto broadcasted in February 1924 officially and executed by Nazis and its analogy with the TPLF/EPRDF led by Meles Zenawi's 34 point plans and execution to the very date are thoroughly analyzed.

As it is very essential to have knowledge of the past, to understand the present, and look at the future, a glimpse of historical backgrounds of both parties and “Quasi states” are elucidated. The Five major significant points of Nazi plans designed by A. Hitler such as *Mythology, Power, Land, Freedom of expression, and Targeted people* policies, programs of operations and executions analogy are compared.

### **Nazi-Germany**

Germany who instigated and waged the First World War and lost badly must pay through his nose for all the damage did during the WWI, aftermaths of the war and repercussions. After unconditional surrendering and Capitulation by the allied forces signed the Treaty of Versailles on 7<sup>th</sup> May 1919. Germany was not only political isolated from Europe, must also lose Otto Bismarck's Empire of Europe, his colonies in Africa, Southwest Africa (Namibia), German East Africa (Tanzania, Rwanda and Burundi), Togoland, Parts of Cameroon and the Border areas of Benin in the African continent. Bismarck was regarded as the father of German unity, popularly known as the Blacksmith (Blood and Iron) of Europe. The worst of the Versailles treaty was actually article 231, The *Guilt clause* that turned Germans to a semi-servitudes's status and economic burden, societal and psychological impacts of the crime Germans committed during the war and its repercussions as a bad loser. Coal as the only natural resource German posses must be mined by German labor and transported out of its border such as to France. These are the major challenging factors to be solved that the Germans have to face the decades to come. And somehow, some way, and someone who is capable of uplifting the whole

Germans from zero to hero, from loser to victories must take a charge, and must be hatched out from these circumstances in an appropriate time and place.

Adolf Hitler born in April 1889, Braunau am Inn, Austria was raised up from these circumstances to save Germany. He joined the Bavarian infantry regiment by his own request and sent to the front. While he was recovering, half blinded by mustard gas attacked in hospital that the news of capitulation of German came through. He blamed the Jews, found a scapegoat for the war lost by Germans. When he was languishing in Landesberg prison for his part in the bungled 1923 Coup d'état to overthrow the Bavarian government that he wrote the major part of his book *Mein Kampf* (My Struggle), his vision of the Fatherland. The book was turned out to be the bestseller of his time, and considered as the Bible of Germans. Further more, it was granted as the best gift from state authorities on wedding days for couples parallel to marriage certificates. Thus, one can easily grasp the impact of Hitler's vision of *Vaterland* in his book and his systematic indoctrination of the German society and its consequence in the coming decades. He became a member of Germans workers party card older Number Five, renamed it to National Socialist German Party, short Nazi. He outlined the 25 points of the Nazi plans manifesto broadcasted in February 1924 officially. He was elected as chancellor in January 1933 that opened the door to unlimited power to execute what he planned in 1924.

### **TPLF- Abyssinia con. Ethiopia**

It is worth to note why genuine scholars like Paul Baxter designated Abyssinia ("Ethiopia"): "White men's burden", Ernest Work "A Pawn in European Diplomacy", Asafa Jalata "Being in but out of Africa", Bonnie K. Holcomb and Sisay Ibssa "The Invented, dependent, predatory Empire", Mohammed Hassen "The tyrannic Empire", Mohammed Ahemed Hassen (Zakaria ) "Extended arm of Western Colonialism" among others.

The description of the scholars is self explanatory, it is not come out of a vacuum as some may wish or believe, but based on facts that can be proofed and reproofed as a historical signature of the Abyssinia Empire, contemporary Ethiopia. History is and should be a science, the study of the human, society, a dialogue between the past and the present. It is investigative, interrogative, belongs to the study of the institutions, including an account of the rise and fall of nations, as well as of other great changes which have affected the political and social conditions of the human, the dynamics that gives possibility to events that can only attain its objectives once it has been emptied of its mythical consents, purified from its debris. Once only when the truth is ferret out and crystallized, it will be the best teacher for those who are able to learn from it, and can be used as an instrument of mobilization of a national development by regenerating and acknowledging the golden era of the pasts, such as *Sirna Gadaa-Seeqqee* - A unique autochthonous (indigenous) socio political system.

Among a number of master teachers of the history of Oromo, Africa, World, Prof Asmarom Legesse in one of his books titled: *Oromo Democracy: An indigenous African political system* defines: "Oromo Democracy is one of those remarkable creations of the human mind that evolved into a full-fledged system of government, as a result of five centuries of evolution and deliberate, rational, legislative transformation. It contains genuinely African solutions for some of the problems that democracies everywhere have had to face." That proofs that Oromos are inherent of Proto-democracy, that sends a message for those who believe to teach

Oromos what meant a real democracy are plausibly advised to learn about Gaada Oromoo initially before teaching Greece democracy that virtually had never existed in real.

Furthermore, Prof. Asafa Jalata, an author of Nine books and over sixty research publications said: “I have studied the history of the world society, African, European, African-American, Oromo .e.t.c, and I have never seen a system that can be compared to Sirna Gada, its complexity, mechanisms of check and balance of power, a civilization that can be able to be the model for the rest of the world suffering from the so called western democracy of party lines.”

Most importantly Sirna Gada may be an African recipe that can heal the wounds of the Flag-anthem independent “Quasi states” of Africa designed by the colonizer in 1884/85 in Berlin during “Scramble for Africa” and its continue legacy of never-ending wars of elimination, displacement, flight and gruesome acts committed by tyrannies in each angle of African turf to the very date.

A man without the knowledge of his history, where he has been cannot know where he is, or where he is going, and the assumption that some believes, or think that the past is dead has no place in history. While, what we know, our knowledge of today, about what was happened thousands, hundreds, years or even minutes ago occupies the same space in our memory, in our mind independent of time and place. That is part of our knowledge, and we are what we know. We teach what we know to the future generation and learn what we do not know. Therefore, one must carefully distinguish history from folklore.

Folklore is essentially a tradition of a collection of synthesized stories, myths and beliefs. In fact, it comes out of a vacuum. It is neither a science, nor investigative. Thus, it can only entertains at best re-supply self esteem to the individual or groups of people like Habeshas/ Abyssinians in horn of Africa, Apartheid in South Africa, Nazis in Europe, Ku Klux Klan (KKK) in North America, e.t.c., where all have a common idiosyncratic point of departure like “master race, civilized, god chosen, the Christian of the Christians, what else not told and written”

It is unfortunate that the Habesha/ Abyssinia (Amhar and Tigre mainly), or a current chronicl migraine of “*Ethiopiawenet*” means “Ethiopianess”, as an adage that say: “Empty vessel makes the loudest sound”, is physically or geographically located in Africa, while her rest, the vital part what makes human a human; culture came from Western Asia or Middle East and based on the Zionist ideology, fable, fiction, and denial of Africaness as her name is self-evident. Further more, It worths to note that Abyssinia proper is one of the primitive, poorest, resourceless region in the horn of Africa, and has a predatory-prey relationships with the richest vast rest southern part from Abyssinia proper that was conquered and incorporated to the Prison house known as Ethiopia today during Menelik, buttressed by western colonizers mission in the scramble for Africa and influences in the horn region.

Tigray where the TPLF leaders were hatched is one of the far north, the poorest of the poorest province of Abyssinia proper. She was known by the international community and the press in her permanent chronicl famine with signature of the image of children with bloated stomachs, spindly legs, and flies nesting in their nostrils. Enough of words lets the pictures the world watches on daily bases speak for itself. Chronicl famine as her global signature can be proofed straight from the horse's mouth; *Atse Kasa* (*in defacto* warlord of Tigray, self crowned (King Yohannis IV). One may imagine when ones king begs for food from

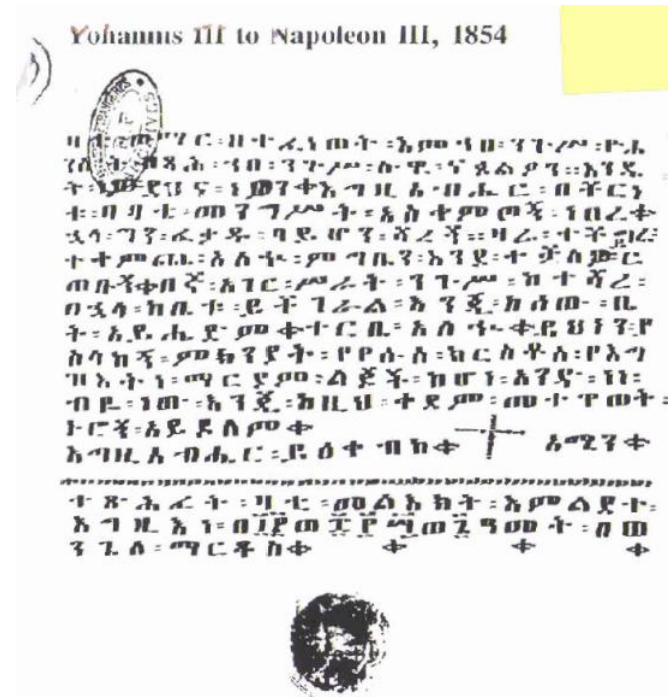

an unknown man in Europe like Leopold II among others, what might happen by the people whom he rules.

The letter reads:

*Title: Yohannis IV to Napoleon III.1854:*

*“May this letter sent by King Yohannis reach King Louis Napoleon (Luwi Napoli'on). How are you? Are you well? In his kindness God has placed me over my father's kingdom. Later, however, because it was not His will, He deposed me. Today I am living in poverty. Give me food to the extent you are able [to do so]. According to the custom of our country, after a king has been deposed, he does not go to other people's houses but lives in poverty at home. I am starving. The reason for my writing (lit sending) this is that I said to myself that we are one, since we are the children of Jesus Christ [and] of Our Lady Mary, and it is not because we are acquainted with each other before. My God keep you . Amen.”*

*The letter was forwarded to paris on 19 August 1854 by French vice- consul. Delaye, who stated that it had been arrived open from Gonder and that the Catholic missionaries Biancheri and Sapeto translated for him from Geez/ Amhairc Orgin; fol.21.*

It is crucial to consider that as Menelik is to the settler colonies, the *Neftenyas*, under the motto of “Amharization”, waged wars, conducted genocides and ethnoicides on the Oromos and all other non-habesha people in the horn of Africa and as a result incarcerated in Menelik’s Empire to the very date, and as a result where Abyssinia proper was expanded to about 5 to 6 times to its original size, So is Yohannis IV to the TPLFs who fought for the liberation of Tigray initially, until occupying Finfinne. Thus, it will not be a mistake, if one can call Meles Zenawi, *Atse Yohannis V* of his epoch, to whom they all credited and followed his footsteps. Indeed,

the only difference is they changed the title “King” to “ Prime” nothing more. The project of elimination of the indigenous people from their ancestrals soil (*Biyyee Akkaakaayu, Akaakilee*). The hunting for Land from every compass direction toward Oromoland, Sidamaland, Ogadenland, Benishangul, Gumz, just to note some among Others, the resources richest part of the horn of Africa on which the predatory empire preys to survive. Currently, Land grabbing and hunting for turf is hotter than gold in Africa continent and the Ethiopian emipre is in leading postion by eliminating the Indeginous people; in doing the dirty jobs primarly and leasing to the Asians , the Maoistis- China ,the state of Castesytem-India, the Desert states-Saudi , Catar, Turkey, classical colnizers of Africa,the Europeans where Germany is in the leading position, just to note some of the over 50 resource hunger states currently computing to rescarmble the region.and Africa as a whole.

## **THE MYTHOLOGY AND FABLE**

### **NAZI-GERMANY**

The mythology, fable of Nazi Germany was and still is based on the so called “Aryan blood, pure blood, superior, master, German race, Germaness”, only a product of German parents in blood (*jus sanguinis*). The origin of the word Aryan is Ancient Persian, mainly today’s Iran from where the Nazis have stolen and deformed and self-styled out of its original context. Historians call it the greatest lie of the 20th century. They integrated and implemented it as the best propaganda machine of “racial ideology” and its chauvinist acts of Aryanism that wide spread to the world like a pest bacterial pandemic. The world is divided into two in the mind, eyes and ears of the Nazis. The world of most extreme Aryan model, the superior, the civilized, the intelligent, the handsome, God chosen, in general almost all ameliorative connotations reserved for Aryan model. What else left, something of a miracle. They even claimed that the Pyramids along Laga Abaa (River Nile) were built by them, they called themselves Caucasians, left the Nile civilization in Africa, and only evil knows why they fled from warm, beautiful, civilized Africa to barbarian, cold European caves.

The rest of the world of the Nazis was diametrically the opposite of the Aryan model, the antonym of the Aryan connotation where all pejorative vocabularies were attested to it. The worst of the worst is the sadist view, and consideration as an anomaly and not worth to live. They must be eliminated from this planet. At this junction of history, the German Jews who were thorn in Nazis’ flesh as a prime target, urgent action plan and then follows to the European Jews, long term plan of Nazis. “I never wonder to see men wicked but I often wonder them not ashamed.” Jonathan Swift.

### **TPLF-Abyssinia con. Ethiopia**

The Abissinian is intended to be the direct descendants of the mythical son of Solomon who begat Sheba (Makeda or Balkis) in Jerusalem. As a result she traveled back to Africa and gave birth to a son called Menelik, “the tribe of Judah” more pompously “The Lion of the tribe of Judah, elect of God, to rule Africans those who had no Jews blood (*Jus sanguinis*) flowing in their arteries”, analogue to the Nazis’ Aryan myth and folklore. She alleged to have 3000 years of ‘History’ and even more ‘civilization’ a chronic migraine of “Ethiopianism/ Ethiopianess” that can be compared with a person who has 3000 dollars in his wallet but dying from hunger. The uncomfortable truth of Abyssinia that must be told is that virtually they do not even know their grandfather let alone to know 120 generations of Solomonic pedigree.

The myth of Habeshas was and still is based on two books of folklores, fables, of Western Asia, known as Middle East and fable called “*Kibre Negest*”, “the glory of King” and “*Fetha negest*” meant “the Law of King” In fact, there is no glory, but disgrace, no king but Shifta (local Warlords) no law but anarchy i.e. called *Zemenemesafint* were the local people called the predatory infantry militias as a human plague.

In fact, these books are a compendium of Roman-Byzantine laws collection and its Arabic version of Syro-Roman Books of law of religion that first came to Alexandria-Egypt around the first half century. An Alexandrian Copt, a native of an

Egyptian brought them to Abyssinia at the request and expense of a local warlord “Emperor.” The Abyssinian Copts were dependent on Alexandrian Copts until the last quarter of the 20 century. The myth of the *Kebre negest* and *Feteha negest* was formally incorporated to the Abyssinian system only in 1908 by Menelik II, article II of the constitution and is still live on and cherished today. It was translated to Geez-Habesha script in face value by unknown debtras. A propos, debtras, in R. Pankhurt’s word: “The worst of beasts is the scorpion; the worst of men is debtras.” Annesley and Salt added: “During our visit in Tigray we meet only a few debtras, considered as intellectual elites of Habesha people, we looked for someone who can read their Bible and found that not one in twenty could understand the characters they read “Ge’ez” it is as a French speaking person might seek to understand Latin.”

Professor Asafa Jalata, hit the nail on the head by saying: “Being in and out of Africa” and with his further exploration of her duality that unveiled her chameleon behavior in his publication by Journal of Black Studies in 2009.

It is well worth also citing at length the analysis of H. Blanc among others. In his article published on the Native Races of Abyssinia who exactly the Habeshas /Abyssinians are, those people who put us out of history. Blanc said:

*“The Abyssinian, taken as a whole with the exception of the oppressed and hard-working peasants, there is nothing in them to praise or extol. Beggars infest the land; the priests are ignorant and bigoted; the soldiers, the course of the curse of the country. Abyssinians, I regret to say are cowardly, adepts, at low treachery, lazy, pretentious and pompous. Naturally drunkards and gluttons, they are only abstemious by necessity, and their festivals are but low and coarse orgies. They have no literature, no means of recreation. Their conversation is a revolting incoherent talk, partly blasphemous, partly lascivious, and when they favoured us their society, always ending in requests for favours. When we state that cleanliness is a shame, debauchery, no disgrace, robbery, treachery and murder glorious deeds.”*

Blanc summed up the exact mindset, primitive, backward behaviors of the Abyssinians in one paragraph, without a shadow of doubt for which all of non-habeshas born, grown up in this prison house called “Ethiopia” are a living witness. Furthermore, the deep rooted degree of racism in Habeshas against the other blacks in general and indigenous African people specially inhabitants in the empire. Thus, if human beings discovered a units of measurements for racism, prejudice, hypocrisy, lie and bigotry among others as we have units of measurement for length, height, time, or heat, the Habeshas will be a champions of a gold medallion champion in African continent and as do the Germans in European Continent without a shadow of doubt. One must know only their language and capable to read their mind and worldview.

## **POWER**

### **NAZI**

*“Unlimited authority of the central parliament over the whole Reich and its organizations in general. The forming of state and profession chambers for the execution of the laws made by the Reich within the various states of the confederation. The leaders of the party promise, if necessary by sacrificing their own lives, to support by the execution of the points set forth above without consideration.”*

Hitler come to power by hook or crook through systematic abolition of all rival political parties, formidable personals with special elite military commands or

forces called Schutzstaffel abbreviated SS and Gestapo abbreviation of Geheime Staatspolizei, ("Secret State Police"). He absolutely rejected the parliamentary system, a theory of majority vote and unquestioned authority of the leader throughout in the State. After consolidating power he self-styled, comes out as a savior of the German nation *Vaterlandsretter*, of an exhausted masses of Germans who were wearily seeking a way out the Treaty of Versailles and *Guilt clause*. Newspapers headlines wrote: "Hitler Is All of Germany" rose up as the *Führer*-the leader of the dying nation in the 1930<sup>th</sup>. A man who desires to win the adherence of the mass must know the key which will unlock the door to their hearts.

The real question to be answered is in which direction does he go to lead, to heaven or hell, his he an angel or an evil and when, then to whom. Since the manifesto of Nazi was public seven years has passed. If the rest of the world was not blind folded, half-hearted to act against the Nazis official plans of Aryanism, signs of elimination polices, for which adequate facts were available to prevent one of the worst human tragedy that the world has never seen within short period of time that was going to happen in decades to come, the Holocaust in 20<sup>th</sup> century.

### **TPLF/EPRDF**

Mengistu Hailmariam- a Military dictator whose ideological father was J. Stalin Russian Soviet Union, popularly known with his evil acts, the father of red terror, torture, etc. He ruled the Empire with terror from the year 1974 to 1991 safeguarded with killer commando and Kalashnikovs and conducted genocide to its last day of flight to Zimbabwe was overthrown by three rebel forces, the OLF, the EPLF and the TPLF. The TPLF breded an umbrella organization named it EPRDF (a conglomerated of the 300,000 members of war prisoners of Mengistus army battered by TPLF in October 1989 rebreded PDO'S. They designed the so-called transitional Government that did not hold the duties signed for more than 9 months. The true face of the TPLF led by Meles Zenawi who fought for the liberation of Tigray was now to be witnessed after occupying Finfinne, the Umbilical cord of the Oromoland that suffered extreme genocide and ethnocide since Meneliks occupation. Meles consolidated power through trickery and mischievous acts, implemented J.Stalins Soviet Russia model, exiled, jailed the leaders OLF, mass arrested and massacred the OLF supporters and the army, hunted and killed Oromo artists, Bussines men, plundered properties and resources. The self-styled Albanian socialist Meles turned from liberator to tyranny and systematic killer.

Analog to Nazis unlimited authoritarian system of one-man rule the TPLF/EPRDF was turned to another tyranny, of one man rule to whom power has meant a license to terrorize, corrupt, maim, murder, jail worse than his predecessor, the military junta. Meles reversed the course of his predecessor from Moscow to Washington. Moscow is no more the capital city of Soviet Union but Russia only. The Soviet Union is digested, cannot provide Klanshinkovs more. He was advised and cannot be otherwise to adopt the term called "Federalism" buttressed by the Westerners, cherished and nicknamed as a good guy by USA. "business as usual".

Under the masks of Federalism, Democracy, Terrorism, Development, investment the words of meles era that was spoken and written just to get aids and moral support. Indeed what the TPLF *Dedebit* plan of Elimination, jail, torture, Land grabbing, killing peace full demonstrators, hanging a dead body, a subhuman act that no wild animal can do was and still is what the world had witnessed for the

last 25 years. The responses to this gruesome act, further more absolute denial, for which the Habeshas are baptised with a culture of denial (*Habaashaan soba ilkaan ittibuqifatani*) general, and the TPLF *dedebit* clubs cannot be others, and currently they are a gold medallion winners.

The word of -ism itself call it Social, Terror or Federal and Democracy, is virtually strange to the whole population of the region in incarcerated in the empire since Menelik II without exception if not in the whole Africa. Thus, the real difficult question to find the answer is indeed from which school of democracy, federalism did the TPLFs leaders certified and to have a license to teach. In fact, the TPLF *Dedebit* club can be considered as incubation box of Terrorism. The fact that their predecessor often called them terrorist, is not came out of a vacuum. It is proofed in real, since the TPLF occupied Finfinne and designed a policy of Elimantion, killing jail, torture, exiled all Opposition forces from the empire. Therefore, praying, crying for basic human right just to live let alone what is often propogated democracy (People rule themselves) is analogue to the Debtras who prays in Geez, a dead language that not one out of twenty Debtras know what they are praying for themselves, nevertheless, the do pray to those who knew nothing about it. If truth be told, if the literary meaning of imported words of democracy and federalism was applied, the outcome of it for the TPLF/EPRDFs is an apoptosis “suicide or programmed death” for the Zionist Empire from the very begging .They could left back to Tgray as they came like a Zombis.

Those artificial terms imported and implemeted by the TPLF “democarcy, Federalism, Terrorism, etc.” as it has always bin used as ideological tool for forginer supports and to hold the power at all costs with chauvinism of “ One flag, one state, one lanagauge, one dictatory” political despotism, hegemony, to evict natives from their ansectoral soil plunde and leasing an area of football field for 10 dollars to their likes. Expecting democracy from tyranny, literally is as expecting foal from mule or expecting milk from hens. Then, no wonder when every rot learned, wash and wear TPLF and his breed cadres puff out these words what they do not know for themselves to the people incarcerated in the empire first asks, Who is this man Called?-ism.-cracy? From where is it comes? Is it something to eat, to drink to cloth etc., let alone to serve as a system for administration?

## **LAND**

### **NAZI**

*“We demand land and territory (colonies) for the sustenance of our people, and colonization for our surplus population”*

Europe in general is the second smallest and the most resourceless of all the continents in the world, and especially Germany with its dense population there were some coals, nothing more enough. Therefore, all what Europe needed (and still needs) to develop, to survive, to fulfill her voracious needs had to (or must) come from abroad at gunpoint. It explains, in a somewhat macabre manner, the brutality of, and genocides committed by the Europeans who went out into the world to acquire land, resources and wealth which were in turn shipped back to develop Europe and by extension the USA. They were also the most known continent that conducted internally (within her geographical boundaries), and external (via seas and ocean) genocides (killing and physical annihilation) and ethnocide (systematic destruction or elimination of otherness) in human history.

From five African nations German invaded, particularly, the South West African people (today's Namibia) that tested the bitter sides of German's evil man Lothar von Trotha-whose name is remembered as *Vernichtungsbefehler* (extermination orderer) who knew nothing about Africa. Alone, by 1904, more than 80% of the Hereros were exterminated independent of age, gender and the Omaheke Desert (Kalahari) turned to the killing field. He deployed 10,000 heavily armed soldiers, killer machines. Germans supported the annihilation of the Hereros, one of the bloodiest wars on African soil. It is also here where Eugene Fischer began the comparative racial medical experiment on indigenous people and the offspring of European settlers (Britons, Boers, Germans and Native women), used as guinea pigs to validate the importance of "racial purity."

Historians trace it as the beginning of the first genocide of the 20th century and the planting of the seeds of a future Genocide that was happened in Europe the Holocaust. Nazis major plan, *Raum schaffen or Lebensraum* (create free space) for her over population as Britain did that automatically elimination of the natives from their ancestral land Nazis planned to get it back all what German lost in the WWI in African as well as Bismarck Empire and resettled by "Germans, the Aryans."

### **TPLF/EPRDF**

Menelik II who was known for his cruelty, eviction, burning houses, an extermination orderer, sub-human acts remembered as *Harma muraa* (Cutts of Women Breast amputation), *Harka muraa* (Cutts of Arm), *Miila muraa* (Cutts of Leg), Hattu Loonii- Cattle looter rider, and the greatest slave entrepreneur by the Oromos and her neighbours with identical fates and incorporated in his empire. Meneliks and his gruesome act by a collection of ignorant, illiterate infantries who knew nothing except killing, burning houses, properties, looting, raping they can be considered a trained police dogs analogue to armies of (Leopold II of Belgium in Congo Free State, Lothar von Trotha (extermination orderer) of Germany in South West Africa (Namibia), Cecil Rhodes (African Holocaust) of British colony in Africa, France in Algeria just to note some among other European colonizers.

As a result of defending their land, It was estimated that over 5 million Oromos were massacred by Meneliks predatory infantry in 1900 within ten years alone, reduced to half of its estimated population Oromo neighbours massacred by Menelik, like Sidamas, Ogadenians and other indigenous people living in the region had also the same fate during his *Hager maqnat*, a projects of elimination. He conducted genocide, ethnocide, confiscated their land and property; the life of the captives was turned to slaves and sold as animals as his primary hard currency paid for the firearms. Today the primary hard currency of the current tyranny regime who adapted a Stalinist system to whom power meant a licence to corrupt, maim and kill, is our land and our natural resources.

*Meneliks predatory infantry: 1896 photo by Alfred Ilg

police dog" who did what even no wild animals can do.*

After Meniliks death of syphilis diseases that was diagnosed by his European physicians at his younger ages. Zewidtu come to power through internal coup d'état vs. Iyasu in his absence after his short reign and she putsched by Tefere Mekonen who was her reagent. After consolidating his power and he followed the footsteps of menilks, eviction of the southern and resettlement of the Northern Abyssinians and institutionalized and constitutinalised the Zionist-Amharaization policy, forced assimilation process in all sphere of human life of the conquered people of occupied territories in the empires artificial boundaries for more than four decades of despotic monarchy rule, and replaced by Mengistu Hailmaraim- a Military dictator whose ideological father was J. Stalin (shoemakers son, born in Georgia); known as (Man of Stell) Russian Soviet Union.

Mengistu Hailmaraim popularly known with his evil acts, in the father of red terror and famine as his signature, torture, elimination of formadiable Individuals and parties by all means possible etc., with his canibalist slogans like “*Abiyot lijuwan tibelaalech*” his Stalins Socialist Revolution eats its own offspring.” He ruled the empire with terror, famine as from the year 1974 to 1991 safeguarded with killer commando and Kalashnikovs and conducted genocide to its last day of flight to Zimbabwe. with his slogans like “his Socialist Revolution can feed her own offspring, slaughter mean canibalist.

It worths to understand the psychic of Abyssinians as a whole, famine and hunger is as it always was unwritten recipe of salt in the soups of regimes who ruled the empire since its invention without exception, when it happens in an area they have challenges to rule. The world can not the famine of 1983-1985, where million tones of food aids were stranded in the sand of read sea coast in Assab, but millions of Oromos few miles away in the so called Wello deformed from Oromo word Walo were dying, and the military Junta, M.Hailmaraim was importing Whisky, through the some port to Finfinnee, dancing intoxicated to celebrate the so called 10th year anniversary of one mans ruled regime. The world must understand that Tyrannies in Abyssinian, contemporary Ethiopian empire will not wake up one Moring a changed people, resolved to set the right all what they wrought in the past, and the world must also understand the deep rooted culture of denial, till the caught red-handed as a tangible fact that we destined to witness right now in that emipre.

Mengistu was overthrown by three rebel forces, the, OLF, EPLF and the TPLF who designed the so called transitional Governemt, that did not hold the duties signed for more than 9 months. The true face of the TPLF led by Meles Zenaw who fought for the liberation of Tigray was now to be witnessed after occupying finfinne, the Ubmlicl cord of Oromoland that suffered extreme genocide and ethnocide since Meneliks occupation to the very date. Meles consolidated power through trickery and mischievous acts, exiled the leaders, jailed in a mass, killed, confescticated the resources of all genuine Liberation Fronts, primarily the OLF, similar to Stalins Soviet Russia. One many rule, self-styled Albanian socialist despotic, silent master killer, who reapedtly puffed “ bit an empty drum that the “Quasi – Ethiopia” the country is developed to two digits, lie through their teeth.

In fact the *Dedebit* club (hungry club) who looks like zombies the day the occupied Tuulama Highland, and turned from home less desert guerilla fighter to land, villa, company owner on the fate of Oromo people and Oromoland and their likes. They turned from zero to billionaire, from Zombi like to beer-belly. They created the most corrupted institutinalized system of bravery, treachery Mafia club that hunts the other who does not belong to the club uncomfortable for

exploitation, looting, plundering resources and labour and eviction of the Oromos from their ancestral land.

## **FREEDOM OF EXPRESSION**

### **NAZI**

*“All writers and employees of the newspapers appearing in the German language be members of the race; Non-German newspapers be required to have the express permission of the State to be published. They may not be printed in the German language“.*

### **TPLF/EPRDF**

The regime is well known in repression of free expression of any sort, and is the bronze medallion next to her northern neighbors Eritrea and maintained its 4th rank at global level led by Northkorea and Saudi Arabia according to the 2015 CPJ's annual publication of the list of 10 Most Censored Countries in the world. Seeking freedom of speech, writing and publication even with their own colonial language Amharic the so called federal language, let alone with other over 90 languages spoken in the region. Mostly in Afaan Oromoo-Oromo language which they planed to wipe it out since 16th century, most aggressively since menilik's colonization to the very date. Oromo language is the 3<sup>rd</sup> largest if not the 2<sup>nd</sup> *lingua franca* of African language next to Hausa/west Africa and Kiswahili in east Africa. Virtually seeking for freedom of press in Ethiopian empire is analog to a blind man searching for a black cat in the darkest room.

## **TARGETED PEOPLE**

### **NAZI**

*“Only a member of the race can be a citizen. A member of the race can only be one who is of German blood, without consideration of creed. Consequently, no Jew can be a member of the race”*

The Nazi practically targeted all that does not suit their fiction “Aryan“ among them, Jews, Roma (Gypsies), people with disabilities, Poles, Soviet prisoners of war, and African-Germans Jehovah's Witnesses etc. the lists go on primarily in Germany and finally in Europe, and they have even dreamed for the rest of the world. *“Man is the only animal who causes pain to others with no other object than wanting to do so”* Arthur Schopenhauer.

### **TPLF/EPRDF**

He designed systematic extermination 34 point policy plans analogy to Nazis 25 plans policy of operation and execution that targeted primarily on the Oromo's and Oromoland that in compass all spheres Oromo life, Farmer, Pastoralist, Trade, Teachers, Students, just to name some among all targeted Oromos by the TPLF regime since The Tuulama highland was Occupied. His 34 manifesto is an act of Eliminations (genocide and ethnocide), to reduce its demographical, Economical, Social, Cultural potent in the horn of Africa primarily. His policy plans of elimination a secret insider information document leaked and published by *Seife Nebela newspaper in 1996*. The document written in Amharic is attached without interpreting so that the reader can grasp what has happened since the TPLF occupied Finfinne, elimination of the Oromos, indigenous people from their own soil incarcerated in the Abyssinian empire that is conducted in an unprecedented

tempo from every direction. Meles breed someone who suffers from an inferiority complex for his TPLFs who are craving the power and influence in all arenas named Desalgn Hailemarim, before his death in the year 2012. Desalgn Hailemarim a Wolayta by ethnic who turned his back to his people and who sense that belonging to an influential's, power holders and organizers that will give him some filling of importance, sort of superiority over the others. Desalgn sworn to follow his masters footsteps, Meles Zenawi to serve the very people who sold the Wolayta people as slaves at all costs and to be titled as a head of "Quasi state of Ethiopia " and sitting on the chair of his master that currently ruling from his grave.

*The execution of Ketama Wubetu and his friend by Ethiopian soldiers- by hanging on a fence- on December 09, 2014 in Salale zone of Dera district in the regional state of Oromia was barbaric. If the hanged men were members of an opposition group fighting against the government, once they were captured they should have been brought to justice. The fascistic action committed against the two Oromo nationals by the government army clearly shows that Justice in the country is dysfunctional symbolic. By doing this, the Ethiopian government has blatantly violated international humanitarian law and international human rights law principles including International human rights standards: HRLHA Urgent Action. *“When you know who your enemy is, he can no longer keep you divided, and fighting, one brother against the other! Because when you recognize who your enemy is, he can no longer use trickery, promises, lies, hypocrisy, and his evil acts to keep you deaf, dumb, and blinded! When you recognize who you longer brainwash you, he can no longer pull wool over your eyes so that you never stop to see that you are living in pure hell on this earth, while he lives in pure heaven right on this same earth!” Malcolm X*

**IF WE MUST DIE**

*If we must die, let us not be like hogs  
Hunted and penned in an inglorious spot,  
While round us bark the mad and the hungry dogs,  
Making their mock at our accursed lot.*

*If we must die, Oh lets nobly die,  
so that our precious blood may not be shed  
in vain; even the monster we defy  
Shall be constrained to honour us though dead!  
Oh, kinsmen! (all of you) , we must meet a common foe!*

*Though far outnumbered let us show us brave  
And for their thousand blows deal on death-blow!  
What though before us lies the open grave?  
Like men we`ll face the murderous cowardly pack,  
Pressed to the wall, dying , but fighting back!  
Poem from Claude McKay 1919 cited by D.Ben Jochannen in Book NEW  
DIMENSIONS in AFRICAN HISTORY 1996, pp.170*

*“Freedom, Liberation, is never given by anybody; it is won!”*
